Learning Outcomes

#	Learning Outcome
1	By analyzing the conceptual framework and historical development of dark tourism, they will be able to examine the relationship of this tourism type with other forms of tourism.
2	By comprehending the dark tourism typology and visitor motivations, they will be able to perform visitor profile analysis for different dark tourism sites.
3	They will be able to discuss the impact of museums, memorial sites, battlefields, and genocide sites on collective memory.
4	They will be able to analyze the use of natural disasters, industrial accidents, prisons, and sites of epidemics as tourist attractions from ethical and management perspectives.
5	By examining forced migration and spaces of displacement within the context of dark tourism, they will be able to develop suggestions for the preservation and tourism integration of these areas.
6	By critically evaluating ethical debates and dark-themed events in dark tourism, they will be able to establish a balance between commercialization and ethical values.
7	By comparatively analyzing best practice examples in the world and Turkey, they will have the skills to plan local potential in line with dark tourism strategies.
