Course Syllabus

Code - Course Title	**RPD101 - Literature Review and Report Writing**
Course Type	I. SEMESTER
Laboratory + Practice	3+0
ECTS	**4.0**
Language of Instruction	Türkçe
Course Type	Required Courses
Course Instructor(s)	DOÇ. DR. ÖMER ÖZER

Mode of Delivery	The mode of delivery of this course is Face to face
Prerequisites	There is no prerequisite or co-requisite for this course.
Courses Recomended	N/A

Work Placement	N/A

Course Syllabus

Weeks	Learning Outcomes	Topics	Teaching Methods
Week - 1		Science, Scientific assumptions and research concept	
Week - 2		Scientific research process and classifications of research. Importance of research in education.	
Week - 3		Information generation and research method. The importance of reporting in research method.	
Week - 4		Scanning academic sources. Methods of reaching academic information.	
Week - 5		Effective use of library and electronic sources to reach academic sources. Eminent databases used for reaching academic sources.	
Week - 6		Making literature reviews	

Course Syllabus

Weeks	Learning Outcomes	Topics	Teaching Methods
Week - 7		Making literature reviews	
Week - 8		Content in research reports	
Week - 9		Style in research report	
Week - 10		Use of sources in the preparation of printed materials like scientific research, article and homework: Quotation	
Week - 11		Citation of sources in the preparation of printed materials like scientific research, article and homework I: Reference	
Week - 12		Citation of sources in the preparation of printed materials like scientific research, article and homework II: Reference	
Week - 13		Preparation of tables and figures in research report	
Week - 14		Evaluation of report preparation process. Sharing homework and studies done during the term.	

Learning Outcomes

#	Learning Outcome
1	To be able to explain scientific research process.
2	To be able to academic sources.
3	To know to use which databases be used to reach academic sources.
4	To use library to reach sources.
5	To take account of content and style in preparation of research report.
6	To know how to make quotations in the preparation of printed materials like scientific research, article and homework.
7	To cite references in the text of research report according to rules (guidelines).
8	To cite all the utilized printed materials in text and in the references section in report writing process.
9	To comply with ethical rules during report preparation process.
10	To prepare academic research report according to scientific criteria.
