Aims of the Course	The objective is to ensure that students comprehend the fundamental concepts of art within their historical, social, and cultural contexts. Within the scope of the course, basic concepts regarding art, the work of art, the artist, representation, form, content, meaning, art and society, art and nature, art and science, modernism, avant-garde, postmodernism, and contemporary art are addressed. The course aims for students to approach works of art not only from a formal perspective but also from a critical and conceptual perspective.
