Learning Outcomes

#	Learning Outcome
1	Accurately transfers three-dimensional objects and figures onto a two-dimensional plane in accordance with the principles of perspective.
2	Correctly applies the rules of composition, axis, proportion, and anatomy within their drawings.
3	Establishes volume, mass, and depth within forms by effectively utilizing chiaroscuro (light and shadow), tonal values, and gradations.
4	Structures spatial-figure (or object) unity by establishing coherent relationships among the foreground, midground, and background.
5	Develops a unique visual language through the expressive use of line, texture, value/tonal masses, and diverse drawing media.
