Aims of the Course	The aim of this course is to examine the historical development, fundamental principles, institutional structure, and current practices of social policy in Türkiye, and to evaluate its role in promoting social welfare, social justice, and equal opportunities. The course covers the development of the welfare state in Türkiye, employment relations, employment and unemployment policies, the social security system, poverty reduction, income distribution, women's position in working life, and social policies targeting disadvantaged groups. It aims to enable students to analyse social policy practices in Türkiye from historical, economic, social, and institutional perspectives, evaluate the effects of existing policies, and develop recommendations for addressing contemporary social problems.
