Work Placement	Not Applicable
Aims of the Course	The aim of this course is to examine the daily life of Ancient Greek and Roman societies through their social, cultural, economic, religious, and military dimensions. Within this scope, the course will address social structure, housing and home organization, clothing, dietary habits, agriculture, education, medicine, military life, the position of women in society, marriage and birth traditions, religious beliefs, burial practices, entertainment culture, sports, trade, and craft activities. Through this course, it is intended that students evaluate the daily life practices of individuals and families in the Ancient Greek and Roman worlds within their historical contexts; comprehend the relationships between elements of material culture and social structure; and analyze the lifestyles of the two civilizations using a comparative approach.
