Aims of the Course	The aim of this course is to examine the legal foundations, scope, and limits of protecting the economic order through criminal law. Within this framework, it is intended to evaluate the legitimacy of criminal intervention in economic activities in the context of the protected legal values and the principle of *ultima ratio* (criminal law as a last resort). The course aims for students to acquire the ability to critically analyze regulations regarding economic crimes and the problems arising in practice in light of the fundamental principles of criminal law.
