Learning Outcomes

#	Learning Outcome

Learning Outcomes

#	Learning Outcome
1	Debate the assumptions and limitations of public choice theory and apply the ‘tools’ associated with the theory
2	Use the core arguments of public choice and the principles of spatial analysis to explore and analyse political situations, institutions and complex political processes in liberal democracies
3	Demonstrate the ability to think and write coherently, logically, and creatively about public choice and politics in the academic style associated with the discipline
