Course Syllabus

Code - Course Title	**SAĞ111 - Public Health**
Course Type	IV. SEMESTER
Laboratory + Practice	2+0
ECTS	**2.0**
Language of Instruction	Türkçe
Course Type	Required Courses
Course Instructor(s)	PROF. DR. ELÇİN TADIHAN ÖZKAN

Mode of Delivery	The mode of delivery of this course is Face to face
Place of Delivery	On Campus
Used Educational Platforms	Online
Prerequisites	There is no prerequisite or co-requisite for this course.
Courses Recomended	There is no recommended optional programme component for this course.
Recommended Resources	WHO reports, public health textbooks, epidemiology resources.
Work Placement	N/A
Aims of the Course	The aim of this course is to introduce students of speech and language therapy to the fundamental concepts of public health, the levels of health protection, and approaches to health promotion, early diagnosis, treatment, and rehabilitation. The course further aims to teach the principles of formal and non-formal health education, the factors influencing health education, and various educational methods, while providing knowledge on core health education topics such as hygiene, nutrition, addiction, infectious diseases, aging, and accidents. Thus, it is intended that students will be able to contribute to efforts directed toward the protection and promotion of health within the community.
