Learning Outcomes

#	Learning Outcome
1	The increased verbs and models of these verbs will be defined. Nominal and verbal sentences, the predicate and its types will be explained. The relative pronouns and duties of these relative pronouns will be determined. The irregular verbs will be explained and the conjugations of these verbs will be made. The substitute of the doer will be defined; active and passive verbs will be determined. Adverbs of time and adverbs of place will be explained and their usage will be discussed. The absolute object will be defined and types of the absolute object will be explained. It will be defined what the causative adverb means in Arabic language and how it is used in a sentence. The term conjunction will be explained and duties of the conjunctions will be determined. The condition will be defined and the main elements of the condition will be determined.
